Experience

Digital Marketer
„Klub sport 77" (Evrotip) - Bitola

My role in this company was to drive brand awareness and lead generation through digital channels. Creating, posting, or updating content, monitoring or handling social interactions and campaigns, or performing other work in an attempt to bolster a company's digital channels. Managing social media marketing campaigns, working on search engine marketing efforts, overseeing email campaigns, and creating content for a company blog.

Sales And Marketing Representative
„KIMISUITE" - Bitola

In my role at KIMISUITE, I drove revenue and brand expansion by combining targeted marketing campaigns with consultative B2B sales to help businesses optimize their digital operations. I took full ownership of the customer journey, from audience targeting and outbound lead generation to consultative sales discussions, software demonstrations, and deal closing. I conducted discovery conversations with business owners to identify operational bottlenecks and match them with effective software solutions, while using CRM systems to manage pipeline prospects and building long-term relationships with key decision-makers.

ADMINISTRATOR - SHIFT MANAGER
dooel "Pop food" - Bitola

This is a role that demands communication, organization, and problem-solving. My responsibilities were to delegating tasks and responsibilities to team members, supervising them, conducting performance reviews and providing feedback to team members and higher management. Ensuring safety protocols and health standards are followed, maintaining inventory levels and ordering products as needed. Monitoring and maintaining equipment and facilities. Handling customer complaints and resolving issues effectively, ensuring a positive customer experience. Making reports and communicating important information and updates to the next shift.
